SUMMARY

Research Data Analyst & Monitoring and Evaluation Professional with experience in supporting donor-funded programmes through data management, monitoring, reporting, research, and learning activities. Skilled in KoboToolbox, ODK, Excel, R, Power BI, data analysis, accountability mechanisms, and knowledge management. Proven track record supporting 6,500+ beneficiaries, improving data completeness by 35%, reducing manual validation workload by 60%, and developing automated data quality systems for evidence-based decision-making.

SKILLS

- **Data Analysis & Visualization:** R, Power BI, Excel (Advanced), SQL, statistical analysis, dashboard development, data storytelling
- **Monitoring, Evaluation & Research:** Indicator tracking, data quality assessments (DQA), quantitative & qualitative analysis, survey design, impact evaluation, results-based management
- **Data Collection & Management:** KoboToolbox, ODK, CommCare, REDCap, CPIMS, data cleaning, validation, database management, reporting automation
- **Reporting & Knowledge Management:** Donor reporting, situation reports (SitReps), performance reporting, infographics, presentations, success stories, learning products
- **Programme & Stakeholder Support:** Programme monitoring, accountability mechanisms (CFM/CFRM), stakeholder engagement, capacity building, training, cross-functional collaboration
- **Digital Tools & Productivity:** Microsoft Excel, PowerPoint, SharePoint, Google Workspace, Microsoft Forms, data workflows, process improvement, workflow automation
- **Research & Health Data Applications:** Public health research, OVC programming, HIV and PMTCT data, vaccine and health surveillance data, qualitative interviews, transcription and data synthesis

EXPERIENCES

Jan 2026 – Jun 2026

Field Enumerator – KIPMAT Study, Aga Khan University, Kilifi, Kenya

- Administered quantitative and qualitative maternal and child health surveys, ensuring accurate data capture, ethical consent procedures, and high-quality submissions for predictive health research.
- Maintained 100% compliance with informed consent, confidentiality, and ethical research standards during field data collection assignments.
- Achieved 98% participant retention through effective community engagement and follow-up mechanisms.

July 2025 – Nov 2025

Data Assistant – USAID 4TheChild Project, Moi University College for Health Sciences, Kisumu, Kenya

- Developed R-Shiny dashboards that improved reporting turnaround time by 25%.
- Conducted data quality reviews and supported reporting, improving data completeness by 35%.
- Assisted in data collection, cleaning, and quality assurance processes.

May 2023 – Mar 2025

MEAL Officer – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch, Kilifi, Kenya

- Developed automated data validation systems in R, reducing manual quality assurance workload by 60%.
- Improved data completeness by 35% through systematic data quality reviews and validation processes.
- Developed R-Shiny dashboards that improved reporting turnaround

time by 25% and strengthened real-time monitoring.

- Conducted routine data quality assessments and verification exercises to improve data accuracy and completeness.
- Supported learning and reflection sessions with programme teams to identify lessons learned and improvement actions.
- Facilitated data cleaning, validation, and analysis for donor and management reporting.

Mar 2023 – Apr 2023

Data Assistant – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch, Kilifi, Kenya

- Harmonized and cleaned three years of fragmented program data, improving longitudinal reporting accuracy and accessibility.
- Reduced duplicate and inconsistent records by 60% through structured validation processes.
- Maintained secure documentation systems and confidential beneficiary records.

Feb 2022 – Feb 2023

Volunteer MEAL & Social Worker – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch, Malindi, Kenya

- Supported household monitoring, community engagement, and referral follow-ups for vulnerable households.
- Assisted in beneficiary tracking, documentation, data entry and reporting activities.
- Digitized and organized 2,000+ records, improving file retrieval efficiency by 50%.

Jun 2017 – July 2017

Research Assistant – KISIP Project, IPE Global Limited, Malindi, Kenya

- Collected and validated socioeconomic and geolocation data with 100% submission accuracy, identifying social determinants of health in urban settlements.

EDUCATION

Sept 2016 – Jul 2021

Bachelor of Arts in Sociology, Pwani University, Kilifi, Kenya

CERTIFICATIONS

Jul 2024 – Sept 2024

Certificate in Monitoring and Evaluation, Kenya Institute of Management

Jan 2025 – Mar 2025

CIPIT's Data Protection, Strathmore University

Jan 2026 – Jan 2026

GCP: Social and Behavioral Research Best Practices, CITI

Mar 2025 – July 2025

IBM Data Analyst, Coursera

June 2025 – Aug 2025

Survey Data Collection and Analytics, Coursera

PROJECTS

[1] [OVC Comprehensive Dashboard](#): Developed a centralized R-Shiny dashboard to support real-time monitoring of service delivery outcomes, beneficiary progress, and programme gaps. Enabled non-technical teams to interpret data more easily and improve evidence-based programme decisions.

[2] [validationcheck\(R Package\)](#): Currently developing an R package for automated data validation, quality checks, and reporting workflows to improve data quality assurance processes in MEAL and research environments.
