SUMMARY

Research Data Analyst & Monitoring and Evaluation Professional with over three years' experience in managing, analyzing, and reporting complex datasets across health research, child welfare, and USAID-funded programs. Skilled in data management, statistical analysis, program evaluation, dashboard development, data quality assurance, and research reporting. Experienced in supporting studies involving 6,500+ beneficiaries, improving reporting efficiency by 40%, reducing manual data validation workload by 60%, and developing automated analytics solutions using R, R-Shiny, SQL, Excel, KoboToolbox, and Power BI.

WORK EXPERIENCE

Field Enumerator

January 2026 - May 2026

Aga Khan University – KIPMAT Study, Kilifi, Kenya

- Administered quantitative maternal and child health surveys, ensuring accurate data capture, ethical consent procedures, and high-quality submissions for predictive health research.
- Maintained 100% compliance with informed consent, confidentiality, and ethical research standards during field data collection assignments.
- Achieved 98% participant retention during maternal and child health research surveys through effective field coordination and community engagement.
- Performed daily data quality checks and verification ensuring accurate, error-free submissions.

Data Assistant

July 2025 - November 2025

Moi University College for Health Sciences – USAID 4TheChild Project, Kisumu, Kenya

- Developed R-Shiny dashboards that improved reporting turnaround time by 25%.
- Conducted data quality reviews and supported reporting for child welfare and vulnerable children interventions, improving data completeness by 35%.
- Prepared analytical summaries and reports to support program monitoring and donor requirements.

Monitoring, Evaluation, Accountability and Learning (MEAL) Officer

May 2023 - March 2025

Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch – USAID Tujitegemee Project, Kilifi, Kenya

- Manage and analyze program datasets supporting monitoring, evaluation, and reporting activities for 6,500+ beneficiaries.
- Improved reporting efficiency by 40% through automated dashboards, standardized reporting tools, and strengthened data workflows.
- Reduced manual data validation workload by 60% by developing automated quality assurance systems using R.
- Conduct data quality assessments, verification exercises, and routine validation checks to improve data integrity and reporting accuracy.
- Generate statistical summaries, performance reports, and analytical outputs for program management and donor reporting.
- Clean, merge, and maintain large datasets to support evidence-based decision-making.
- Train and mentor program staff on data collection tools, quality standards, and reporting procedures.
- Prepared output summaries, visualizations, and reports for management and donor reporting requirements.

Data Assistant

March 2023 - April 2023

Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch – USAID Tujitegemee Project, Kilifi, Kenya

- Harmonized and cleaned three years of fragmented program data, improving longitudinal reporting accuracy and accessibility.
- Reduced duplicate and inconsistent records by 60% through structured validation processes.
- Maintained secure documentation systems and confidential beneficiary records.

Volunteer MEAL & Social Worker Support

Feb 2022 - Feb 2023

Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch – USAID Tujitegemee Project, Malindi, Kenya

- Supported household monitoring, community engagement, and referral follow-ups for vulnerable households.
- Assisted in beneficiary tracking, documentation, data entry and reporting activities.
- Digitized and organized 2,000+ records, improving file retrieval efficiency by 50%.

Research Assistant

June 2017 - July 2017

IPE Global Limited – KISIP Project, Malindi, Kenya

- Collected and validated socioeconomic and geolocation data with 100% submission accuracy, identifying social determinants of health in urban settlements.

Academic Qualifications

Bachelor of Arts in Sociology – Pwani University, 2016–2021

Professional Certifications

- Certificate in Monitoring and Evaluation – Kenya Institute of Management, 2024
- CIPIT's Data Protection – Strathmore University, 2025
- Survey Data Collection & Analytics – Coursera, 2025
- IBM Data Analyst Professional Certificate – Coursera, 2025
- GCP: Social and Behavioral Research Best Practices – CITI, 2026

Skills & Competencies

- **Research & Evaluation:** Program Evaluation | Quantitative Data Collection | Survey Administration | Field Coordination | Longitudinal Data Management | Impact Assessment | Research Reporting.
- **Statistical Analysis & Data Management:** R Programming | Data Cleaning | Data Validation | Descriptive Analysis | Dataset Management | Dashboard Development | Data Quality Audits.
- **Digital Tools:** KoboToolbox | ODK | REDCap | Excel | Google Sheets | R | R-Shiny | Power BI.
- **Coordination:** Stakeholder Engagement | Team Collaboration | Workshop Support | Scientific Reporting.

PROJECTS

OVC Comprehensive Dashboard: Developed a centralized R-Shiny dashboard to support real-time monitoring of service delivery outcomes, beneficiary progress, and programme gaps. Enabled non-technical teams to interpret data more easily and improve evidence-based programme decisions.

Job Tracker: Built a full-stack R-Shiny application for tracking job application trends, outcomes, and performance metrics, strengthening personal analytics and workflow monitoring.

validationcheck(R Package): Currently developing an R package for automated data validation, quality checks, and reporting workflows to improve data quality assurance processes in MEAL and research environments.
