SUMMARY

Data Analytics and Monitoring & Evaluation professional with over three years of experience supporting quality management, monitoring and evaluation, compliance monitoring, data quality assurance, institutional performance reporting, and continuous improvement. Experienced in developing quality assurance frameworks, conducting data quality assessments, automating validation processes, producing analytical reports, and building performance dashboards using Excel, R, and Python.

SKILLS

- Monitoring and Evaluation: Monitoring & Evaluation Frameworks, Data Quality Assessment & Validation, KPI Development & Performance Reporting, Compliance Monitoring, Dashboard Development & Data Visualization, Quality Assurance & Continuous Improvement, Report Writing & Documentation, Staff Capacity Building.
- Data Tools: Kobo Toolbox, REDCap, Microsoft Office, Microsoft Excel (advanced), PowerPoint, Google Sheets, R (tidyverse, ggplot2, Shiny), Python (Pandas, NumPy), DHIS2.

EXPERIENCE

Field Enumerator – KIPMAT Study, Aga Khan University (Kilifi, Kenya) *Jan 2026 – Jun 2026*

- Supported the qualitative data collection process for key informant interviews and focus group discussions, including participant recruitment and scheduling, field logistics coordination, and note-taking, contributing to predictive health research with health system stakeholders.
- Administered over 400 maternal and child health surveys, ensuring 100% adherence to ethical consent procedures and delivering high-quality data with zero error rates.
- Maintained a 98% participant follow-up rate through effective tracking and coordination.
- Supported translation and cultural adaptation of data collection tools, participating in pilot testing that improved questionnaire clarity and reduced respondent misinterpretation during field deployment.

Data Assistant – USAID 4TheChild Project, Moi University College for Health Sciences (Kisumu, Kenya) *June 2025 – Nov 2025*

- Supported USAID/PEPFAR MEL systems by implementing data cleaning, validation, and quality assurance workflows in Excel and R, improving accuracy and completeness of OVC and AGYW program data.
- Developed R Shiny dashboards and automated monitoring tools for key PEPFAR indicators (OVC_SERV, OVC_HIVSTAT, AGYW_PREV), enabling real-time tracking of program performance and decision-making.
- Managed and harmonized datasets (OVC, AGYW) across Kisumu sub-counties, ensuring compliance with USAID reporting standards and timely indicator reporting.

MEAL Officer – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch (Kilifi, Kenya) *May 2023 – Feb 2025*

- Supported monitoring, reporting, and qualitative data collection for a USAID-funded project serving over 6,500 orphaned and vulnerable children (OVC) and caregivers across Kilifi North and Malindi.
- Implemented and tracked outcomes of evidence-based initiatives, including VSLAs, Positive Parenting and Coaching Boys into Men (CBIM), ensuring compliance with donor requirements and strengthening community impact.
- Developed automated data validation and quality assurance workflows in R that reduced manual review of Kobo submissions and system entries by approximately 60%, enabling faster identification and correction of data quality issues.
- Coordinated beneficiary validation exercises and data verification processes to improve completeness, accuracy, and reliability of organizational records.
- Facilitated staff training on data quality standards, reporting procedures, safeguarding, and quality assurance processes.

- Produced performance reports, statistical summaries, and trend analyses for senior management and external stakeholders.

Data Assistant – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch (Kilifi, Kenya) *Mar 2023 – Apr 2023*

- Verified and updated beneficiary records with case managers and caregivers to improve data completeness and accuracy.
- Maintained secure beneficiary databases and supported routine reporting and documentation activities.

Research Assistant – KISIP Project, IPE Global Limited (Malindi, Kenya) *Jun 2017 – Jul 2017*

- Collected and validated socioeconomic and geolocation data with 100% submission accuracy, identifying social determinants of health in urban settlements.

VOLUNTEERING

M&E Volunteer – Child Sponsorship Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch (Kilifi, Kenya) *June 2026 – Present*

- Contribute to the development of the Monitoring & Evaluation plan, supporting tracking of Sponsorship (child welfare and documentation), Sexual and Reproductive Health and Rights (SRHR), and Disaster Risk Management/Resilience initiatives.
- Design and deploy KoboToolbox forms to streamline data collection and improve field reporting efficiency.
- Assist in updating program records and tracking household progress.

Social Worker Volunteer – USAID Tujitegemee Project, Council of Imams and Preachers of Kenya (CIPK) Taita Taveta Branch (Malindi, Kenya) *Feb 2022 – Feb 2023*

- Supported household monitoring, community engagement, and referral follow-ups for vulnerable households, ensuring timely support and accurate beneficiary tracking.
- Supported reporting and data updates to enhance program accountability and donor compliance.
- Digitized and organized 2,000+ records, improving file retrieval efficiency by 50%.

EDUCATION

Sept 2016 – Jul 2021 Bachelor of Arts in Sociology, Pwani University, Kilifi, Kenya

CERTIFICATIONS

- Jul 2024 – Sept 2024: Certificate in Monitoring and Evaluation, Kenya Institute of Management
- Jan 2025 – Mar 2025: CIPIT's Data Protection, Strathmore University
- Jan 2026 – Feb 2026: GCP: Social and Behavioral Research Best Practices, CITI
- Mar 2025 – Jul 2025: IBM Data Analyst, Coursera
- June 2025 – Aug 2025: Survey Data Collection and Analytics, Coursera

PROJECTS

- [validationcheck \(R Package\)](#): Developing a package to automate data validation, quality assurance, and reporting workflows for MEAL and research environments.
- [Community Health Geospatial Mapping](#): Built a spatial analysis pipeline (Kobo Toolbox/Leaflet/R) for USAID Tujitegemee to identify coverage gaps, enabling data-driven household realignments and improved OVC service delivery.
- [Scalable M&E System for NGO Impact](#): Designed and deployed an end-to-end automated Monitoring & Evaluation ecosystem (Kobo Toolbox API, R, tidyverse, Shiny, shinyapps.io) integrating data collection, cleaning, scoring, and real-time dashboard reporting.
